Room 110

Dr. Jeannette Wing is the NSF Assistant Director for Computer and Information Science and Engineering. She is on leave from Carnegie Mellon University, where she is the President's Professor of Computer Science and on leave as the Director of the Center for Computational Thinking and the Specification and Verification Center. From 2004-2007, Dr. Wing served as Head of the CMU Computer Science Department.

Dr. Wing is highly regarded for her outstanding contributions in research, teaching, and administration. She is an international leader in the area of formal methods--the use of mathematical models and logics to specify and reason about computing systems. She and her collaborators have made fundamental contributions to several areas of computer science. More recently, she has turned her attention to trustworthy computing with a focus on software security.

Dr. Wing is an alumna of the Massachusetts Institute of Technology, where she earned bachelor's and master's degrees in electrical engineering and computer science, and a doctorate in computer science. She began her career as an assistant professor at the University of Southern California and joined the Carnegie Mellon faculty in 1985. She has worked or consulted for AT&T Bell Laboratories, Xerox Palo Alto Research Laboratories, Digital Equipment Corp., USC/Information Sciences Institute, the Jet Propulsion Laboratory and Microsoft Corp.
